

THE TROPICO INTER-URBAN SENTINEL

Devoted to Tropico, the San Fernando Valley and Southern California

VOL. VI

TROPICO, (Los Angeles Postoffice) CALIFORNIA, WEDNESDAY, JUNE 28, 1916

NO. 25

ISSUES INVOLVED IN CONSOLIDATION

MATTERS UPON WHICH TROPICO DESIRES THAT THE CITIZENS AND OFFICIALS OF GLENDALE SHALL EXPRESS AN OPINION OR RECOMMENDATION OR SUPPLY INFORMATION FOR THE GUIDANCE OF VOTERS BOTH IN TROPICO AND GLENDALE IN THE EVENT THE QUESTION OF CONSOLIDATION OF THE TWO CITIES SHALL COME TO AN ELECTION.

Tropico citizens should be much interested in the interrogatories drafted by the Tropico Committee on Consolidation which have been submitted to Glendale's committee and to which an answer is expected in the near future. The local committee, which is composed of Trustee Frank Peters,

chairman, Dr. W. C. Mabry, F. A. Alspach, William Drainsfield and Edward R. Best, has done its work well and covered the points on which Tropico voters wish to be advised before casting their ballots at the coming election. The Glendale committee of which T. W. Watson, the City Man-

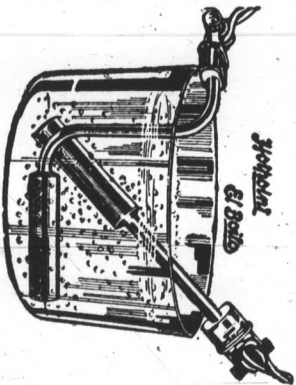

ager, is chairman, had a conference with the local committee on Wednesday. As soon as Glendale's reply is received, both questions and answers will be printed and given wide publicity for the information and guidance of voters. The committee's proposition follows:

- 1 a In case of consolidation, what plan is recommended regarding the present bonded indebtedness of each and both municipalities?
- b What is Glendale's attitude toward adopting a fifth class city charter?
- c What recommendation is made regarding the renaming and numbering of streets?
- d Would Tropico immediately after consolidation be given representation on the Board of Trustees of Glendale and would such representation as might be chosen in Tropico by preferential vote or other feasible method be appointed?
- e Is it recommended that Tropico immediately after consolidation be given representation on the School Board in the same manner as indicated regarding representation on the Board of Trustees?
- 2 What recommendations are made as to the disposition and use of:
 - a The Tropico City Hall?
 - b The Tropico Public Library, its maintenance and development, the present librarian and representative on the Glendale Library Board?
 - c The present Tropico Fire Department and its equipment and employees?
 - d The present Tropico Police Department and its employees, including Recorder's office?
- 3 Is it recommended that a uniform system of valuation of property for assessment purposes based on County Assessor's valuations be adopted?
- 4 What policy is recommended concerning:
 - a The equitable maintenance of improved streets?
 - b Control of public playground, at present in charge of a Playground Association, with power to regulate, including the popular use of grounds on Sunday?
 - c Continuance of present satisfactory garbage collection contract?
 - d Maintenance of a general branch office of the city government at Tropico City Hall?
- 5 Information as to the policy regarding street lighting in Tropico and cost of operation and maintenance of same: and particularly policy regarding acquisition of present distribution system in Tropico; method of acquiring same, of paying costs of such acquisition—whether by local or general bonds, or otherwise?
- 6 Information as to policy regarding water supply. Would this be by extension of Glendale's present system or by purchase of present Tropico distribution system and particularly in case of such purchase, method of acquisition and payment for same—whether by local or general bonds or otherwise?
- 7 What recommendation is made regarding the exclusion of property within the present city limits of Tropico from any district organized for storm water protection in Verdugo Wash? its official representatives has borrowed money for the administration of the City Government
- 8 Information as to whether the City of Glendale or and if so in what amounts?

BOARD OF TRUSTEES MEET IN REGULAR WEEKLY SESSION

COUNCIL PASSES ORDINANCES FOR IMPROVEMENT OF ACA- CIA AND CONSIDERS OTHER STREET PROBLEMS

The City Council met at the usual hour Tuesday evening, with President Frank Peters in the chair and all members present except Trustee Boyce.

Under the call for oral communications Mr. Oberdick asked that Boynton street be repaired in the neighborhood of the bridge including about 40 feet of sidewalk and curbing. Referred to Street Superintendent Wasson with instructions to do the necessary work. Mr. Oberdick also stated that in the original improvement of the street the stakes showing his boundary lines had been plowed out and asked if the City Engineer could replace them. The Board agreed it should be done and that Engineer Wattles should be so instructed.

City Attorney Shaw reported that in his judgment the city was legally liable for the bill for blanks for the collection of vital statistics and recommended that it be paid.

City Engineer Wattles submitted a communication from the City Engineer of Los Angeles stating he had an order to improve the roadway of Brand Boulevard south of the Tropico line and wished information concerning plans for the improvement and drainage of the thoroughfare at the S. P. right of way. Mr. Wattles stated that he would reply that the 16-inch drain now in place was sufficient to carry off flood waters, and that Tropico would meet the grade established by Los Angeles.

In connection with the proposed Hill street improvement, Mr. Wattles recommended in place of a bridge, an arched, 7 by 20-foot culvert which he said would have a discharging capacity of 110 cubic feet per second, and cost three to four hundred dollars less than a reinforced concrete girder bridge; that the cost would range from \$1500 to \$1800 including the wing walls. He was in-

structed by the Board to draw specifications accordingly.

Mr. Green addressed the Council protesting against inclusion in an assessment district for the improvement of Hill street. Council members explained that the assessment district was planned to provide funds for a bridge or culvert not for paving, which would be assessed against the frontage. Mr. Green also complained of obstruction of traffic by street work contractors, and Trustees promised to investigate the matter.

Resolution 78 containing specifications for the improvement of Acacia street was adopted, also maps and profiles, and an assessment district map, likewise. Resolution of Intention No. 231, covering improvement from Brand Boulevard to Central Avenue and providing for the filing of protests before the Council on the evening of July 18th at 7:30 o'clock in the Council Chambers.

Four warrants covering a towel supply bill of \$1.90 for Fire Department; two cases of electric lamps for Brand Boulevard, \$27.28; Home Telephone bill for Fire Department, \$7.50 and donation to Playground Association, \$50.00 were submitted by Clerk. All were ordered paid except telephone bill which was held up pending correspondence with telephone officials by the Clerk.

The Board then adjourned to Monday evening, July 3rd.

CALL FOR VOLUNTEERS

On account of a possible national call for volunteers, a mass meeting will be held Friday evening, July 28th at 8 o'clock in the Council Chambers of the Tropico City Hall for the purpose of organizing a company of volunteer infantry.

This move is in line with action taken in other communities by way of "preparedness," and is under the direction of Ed. Johnson of Johnson and Lyons, Glendale, and of Joseph V. Griffin of Tropico, District Commander of Sons of Veterans. It is hoped the response will be instant and that all citizens of Tropico will come out Friday evening.

CHANGE IN CAFETERIA

Mr. Ed. A. Hubbard of Glendale has bought the interest of C. C. Fuller in the cafeteria at 115½ San Fernando Road, Tropico. The Sentinel has been informed he will enlarge it materially, add a short order department and make it strictly up to date. F. A. Stroup negotiated the sale.

TROPICO INTER-URBAN SENTINEL

(Established 1910)

Published every Wednesday at Tropico, California, and devoted to the best interests and future welfare of the most healthful city in the San Fernando Valley. Come and see for yourself.

Mrs. E. A. Cross ... Associate Editor

Telephone: Glendale 930-J

"Entered as second-class matter May 23, 1916, at the postoffice at Los Angeles, Cal., under the Act of March 3, 1879."

OFFICIAL PAPER OF THE CITY

Subscription, \$1.00 per year.

Advertising rates furnished on application. The Value of the Tropico Interurban Sentinel as an advertising medium is obvious when its field at the head of the San Fernando Valley is considered. The nature of the paper, the character of its subscribers and the class of advertising it carries tell the whole story.

The attention of regular readers of the Sentinel is called to the new advertisers in this issue.

RECIPROCITY

Good stores add to the valuation of your property. Good stores are created by good business. Good business is the result of loyalty and fair dealing with home people. Don't carry your trade to Los Angeles. Give merchants who are nearer your undivided patronage and they will be able to give you good stores, and thus advance your property valuations. Simple, isn't it?

QUICK WORK

Superintendent of Water Works Arthur Campbell informs us that the water was cut over and turned in on East Moore Avenue and on Adams Street at its intersection with Moore Avenue last Monday. He began the job of laying the cast iron pipe system and connecting the mains that this improvement called for on the 18th day of this month, and consider-

ing the amount of work involved he is certainly to be congratulated on its speedy accomplishment. Mr. Campbell is a skilled engineer and surely understands thoroughly the secret of obtaining results within a given time. The work of grading and paving this portion of those streets, which will be under the direction of Contractor Schilling, may now proceed without hindrance. Four or five city blocks are comprehended in the improvement.

FOURTH OF JULY CELEBRATION

While it has not been officially announced at this writing and no definite program has been lined up, the Sentinel has been informed that the veteran Robert Taylor, who has served in the same capacity in the past, will this year also have supervision of fireworks on Tropico's Municipal Playground the Fourth. He will be assisted by Joseph V. Griffin, Division Commander of Sons of Veterans. It is expected that the Tropico Band will play in the evening and that there will be dancing.

It is hoped that citizens will bring their fireworks to the playground because by such a combination a beautiful display can be made; also, if concentrated in one place, the danger of fire will be greatly lessened.

BUSINESS RESUMPTION

It is reported that the Tropico Terra Cotta Works are arranging to resume manufacturing very soon. Those who have predicted a great future for Tropico as a center of manufacturing and big business, will rejoice over this prospect.

WHERE THE "PASSING" IS GOOD

A certain old lady who was much interested in the affairs of her neighbors, declared she liked to live "where the passing was good." Tropico certainly enjoys that privilege situated as it is at the junction of the State Highway leading north to Bakersfield and San Francisco, and the boulevards to the ocean on the west and the mountains on the east.

W. F. Norton, the oil man, says that on Sundays an average of 600 automobiles an hour pass the corner of San Fernando Road and Tropico Avenue.

"PROGRESS WITH ECONOMY."

TROPICO CITIZENS ON CONSOLIDATION

Views Differ Relative to Conditions Which Should Govern Union

Since the question, "To be or not to be a part of Glendale" is the subject uppermost in the minds of Tropico voters, the Stroller felt it would be interesting to feel the public pulse in a small way and see from what standpoints the matter is being viewed by residents. To that end, several well-known citizens were interviewed.

One fact revealed by the inquiry is most gratifying, viz., that the rank and file of voters realize the gravity of the issue. The majority are not opposed to annexation if it can be effected under conditions that will be just and satisfactory to Tropico taxpayers; but there does not appear to be agreement on the conditions to be represented by the big IF. Some would be content with Glendale's present form of government if Tropico could have immediate representation on the Glendale council; others desire government under a freehold charter; still others incline to a borough system. All, however, seem to be striving to approach the question with unprejudiced minds, desiring only to serve the best interests of the community.

J. HERBERT SMITH

Such was the attitude of Mr. J. Herbert Smith, of the Tropico Mercantile Company. "There are arguments on both sides," said he. "I think it is a matter which calls for very serious consideration on the part of every Tropico voter. When I first came to this district it seemed to me the natural and desirable thing for all the towns of the San Fernando Valley would be consolidation under a borough system, the governing body to consist of a representative from each borough and each borough to control and have the benefit of its own taxes; but whether under our present laws the borough system would be possible, I do not know."

MRS. D. H. IMLER and MISS CORA HICKMAN, who have resided in Tropico for nineteen years, said they were endeavoring to meet the matter with an open mind and make the best interests of Tropico the only consideration in spite of the fact that they are very fond of Glendale and very much at home in its social life.

"The practical thing we have to look at" said Mrs. Imler, "is what Tropico will gain by such an alliance and what it will cost her.

"We have no indebtedness. Glendale, I understand, is bonded to the limit and has besides that a floating indebtedness. Could she issue more bonds, she could take care of the floating debt, but that she cannot do unless she enlarges her territory. That is what makes us suspect her motives in seeking to annex Tropico. Then too, we want to be sure that we will not be saddled with the purchase of old water distributing pipes which will not stand the pressure of the larger system and which may have to be torn up and replaced with new pipe in a short time, doubling the cost to the taxpayers. As I see it, Glendale wishes a mansion and is asking Tropico to give up her modest cottage and come and live in the mansion to help pay the servants."

"For years," said Miss Hickman, "Glendale ridiculed Tropico and made it the butt of all jokes. Would Glendale reverse herself and change her attitude completely unless she had some advantage to gain? And what about our library? We are told Glendale would continue to maintain it, but she has been retrenching on her own library because she could not stand the expense. Is it likely then, with her beautiful building and equipment that she would assume the extra cost of maintaining a library here?" The sisters declared, however, that they would cheerfully acquiesce in the popular will and loyally boost for Greater Glendale should the election result that way.

MR. and MRS. EDWARD AYERS of 215 E. Palmer street were found to be among those seeking the common good and open to conviction. They seemed to feel that the natural development of the district tends toward consolidation some time but that the immediate issue is whether under the conditions in both cities it is advantageous and expedient for Tropico to relinquish its independence and identity now.

Said Mrs. Ayers: "I will never vote for it if we have to wait two years for representation on the Glendale city council. I want facts and figures before making up my mind. I want to be guaranteed that any concessions offered to Tropico will not be mere understandings or verbal promises but agreements in the nature of a contract executed by authorized

officials which can be enforced in a court of law. Only old residents with large holdings realize the struggle and sacrifice it has cost to secure the improvements we have and to make Tropico the beautiful little city it is. Now that Tropico has come into her own and has practically no indebtedness, we hesitate to advocate any change until we have satisfied ourselves it will be to our advantage as a community."

MR. and MRS. WILLIAM HARVEY JR., who have been ardent students of civic problems for years, expressed themselves as favorable to consolidation under proper conditions.

"I have been so anxious to see all this territory organized under a Freeholder's Charter," said Mrs. Harvey, "that I favored consolidation hoping it would be a step in that direction and lead to division into districts with local representatives from each district."

W. C. ANDERSON

"We hate to advertise to the world that Tropico cannot satisfactorily govern herself and we might be no better off under Glendale's administration, but we want efficient government. The lack of it in the past is the cause of present discontent. Men whom we have elected to office have neglected their duty as one trustee is doing now. For considerably more than five weeks he has not been present at a meeting, and under the authority given them by the law, the other members should declare the office vacant and give us a chance to put in some good live business man of Tropico who would attend the meetings."

DAVIS & CURL

Who have many patrons in Glendale as well as Tropico, favor consolidation.

W. F. NORTON

"I am opposed to consolidation. We have our improvements and we are out of debt. I do not see how consolidation will help us. Sane management of our city affairs is all we need. The effects of any extravagance we have had in the past can be corrected. If the trustees will fix our main streets there is no reason why we cannot take care of ourselves. It is a question whether we would ever have representation on the Glendale board. Now we can control our expenditures. I think we have a good board."

SCHOOL PROBLEMS THRESHED OUT

CITIZENS AUTHORIZE BOARD TO CALL A BOND ELECTION

President Oliver presided at the adjourned mass meeting held Friday evening last in the Cerritos school at which the attendance was considerably larger than the first gathering.

Trustee Carmack again explained the cause of the present deficit of \$1700, viz the expenditure of \$1900 by the Board for the improvement of Glendale and Brand boulevards in the belief that funds in sight would justify that outlay, but that sharp cuts in appropriations by the County Superintendent and Supervisors on top of the reduction of State funds, entirely wiped out the surplus upon which they had relied.

Estimates of the probable cost of needed repairs discussed at the previous meeting were then called for.

Mr. Carmack reported that plumbers' estimates of the cost of installing ten automatic toilets in the Cerritos school basement to replace unsanitary ones now in use, were about \$550.

Mr. Peters was asked to report what price he had secured on the wedge-shaped lot adjoining the school grounds on Brand Boulevard, which it seemed desirable to purchase. He stated that \$2800 was the lowest figure he had been able to obtain. In the discussion which followed Dr. Mabry said that the assessed value of adjacent property under the recent county appraisal would indicate a value for this lot of \$2250 and he believed it could be had for that amount under condemnation proceedings. City Attorney Shaw estimated that such proceedings would cost about \$75.

President Oliver submitted a \$500 estimate for painting the Cerritos school building.

The improvement of the Mariposa Street school frontage was discussed and favorably considered, also the fencing of Acacia school grounds, and furnishing of the new school room.

This made five propositions roughly estimated as follows:

Brand and Glendale Avenue improvement	\$ 1900
Wedge-shaped lot	2800
Painting, plumbing, repairs, etc ..	1400
Mariposa Street improvement ..	700
Furnishing school room	200

Total \$7000

On motion of Mr. Chandler the meeting voted to "authorize the School Board to arrange for a bond issue of \$7000 to be segregated as they saw fit."

After adjournment the School Board met officially and passed a resolution calling for a bond election, the date to be determined later.

THE HOUSE OF GREENBAUM

By W. C. Anderson

Abraham Greenbaum sat in a swivel chair and held one blunt finger on his son's weekly expense book. His brow was knitted and his lower lip protruded. "Nathan," said he, "you have got it a wife now, yes?"

"Not yet," answered Nathan lightly.

"Well, I see it in the expense book a go-cart ten dollars," Mr. Greenbaum commented without looking up.

"I'll explain that item," suggested Nathan.

"Wait, you can explain it all at once," cautioned the father.

"I see also, for pool, three hours, one dollar and twenty cents; theatre tickets for one dollar; for cigars, two boxes, four dollars and fifty cents; dues in the Rocky

Pasture Golf Club twenty-five dollars; King Williams, one quart, one dollar and seventy-five cents—"

"This week," Nathan broke "I have—"

"Nathan, your father's wise. You haven't been in the office for three days since Wednesday and you look it. For pool one dollar and twenty cents isn't salesmanship efficiency and it is better to chalk order books odder to chalk pool cues. For theatre tickets we ain't in the show business even if you do look like a actor. For cigars one's enough for a customer and you charge them up like we had thousands of them on our books. Besides cigars should be offered customers after they swear off smoking. Also, you're healthy and don't need exercise from golf. Knocking around a little rubber wooden ball is exercises for a man what's sick and when a man is sick, even so much as a headache, isn't salesmanship efficiency. Besides, customers what accepts favors; theatre tickets, golf, and baby carriages are schnorrers," Abraham had lifted the blunt finger from the expense book to emphasize his words. He only stopped talking to look at his son. That individual was laughing.

"Look," said Mr. Greenbaum to his bookkeeper, "that boy is guilty from laughing. A father knows less odder the son. Where's his orders from the three days since last Wednesday?"

Nathan laid a bundle on the desk. "This one if from the Bon Marche; this one from Mr. Higgins; this one from Mr. Thomason; this one—"

Abraham Greenbaum glanced at the totals; then he got up.

"Nathan," said he, "listen to your father. A father is wiser odder the son. Salesmanship is a business with men what's human and you shouldn't forget it. When you play pool, don't make it three balls all to one shot. Let the customer shoot more often as you shoot. Just pretend you ain't looking. He'll shoot, don't worry. And for theatre tickets for Mr. Higgins should be boxes and not in the balcony. The balcony is no place for a good customer; he should sit where he can see something in the theatre. For one dollar theatre tickets ain't salesmanship efficiency. For cigars, remember your father's words: Our competitors, Lavinsky and Simonds always talks advertising—but a customer can't smoke national publicity. Besides a salesman is known by the kind of cigars he keeps company with. For two dollars a box, cigars ain't selling ability either. For golf, tell your customers what plays it that you're sick too, and don't forget it about King William—that a order for two thousand dollars with a headache is better odder a headache what you have when you don't get the order.

Don't forget that the customers who plays pool balls ain't interested so much in go-carts as what he is in King William. And the customers what you play golf with ain't interested in theatre tickets from the 'Babes from Toyland.' There all different from the odder.

"Now then, go out and be a coham and play golf with the kotzon buyers odder than them what's schnorrers. And tell Mr. Thomason we'll send him a satin parasol from the go-cart with fancy lace from the edge. Before you see him get a bromo selzzz for your King William headache. And, don't forget that moderation is the elixir from old age. Also don't forget your father hates explanations. You shouldn't write go-carts, theatre tickets, cigars and golf in the expense books. Write 'Efficiency.'"

At Last

The Air Reduction Company is the name of it. Percy Rockefeller is the largest stockholder—which is quite natural. The business of the company is to reduce air to a very low pressure and liquify it. The result will be nitrogen and from every cubic foot of air the largest stockholder will obtain .79 nitrogen. Mr. Rockefeller will not fuss with the .04 carbon dioxide. The percent is too low for profit. The company will operate factories in every state and it is estimated that each plant will produce 280,000 cubic feet of nitrogen daily. 'Tis the handwriting on the purse. We didn't suspect when Cailletet liquified air in 1877 that Mr. Rockefeller would eventually—well, isn't nuetral oil selling for about four and one half cents an ounce? Is the nitrogen industry a forerunner of air bills, and will we have to have our chests measured so the air assessor will be able to estimate our air consumption that the Air Reduction Company will be able to render its monthly bills?

Mr. Rockefeller is also interested in a denaturated alcohol plant which will begin operating shortly.

THE REAL PINCH

It is estimated that there are \$200,000,000 spent every year for advertising. At least ten firms appropriate \$500,000 each year for their advertising.

One firm in Chicago admits a postage bill of nearly \$500,000 a year.

One wonders what effect these expenditures have. The law of compensation must set in somewhere.

Here's what Mr. Hamilton Holt of 'The Independent' magazine says in speaking of advertising: "It has in many cases actually abolished the middleman and the drummer."

Not very encouraging for the jobber and the traveling salesman.

The law of compensation is a concrete law and amendments are impossibilities. Here's how it acts in another instance:

A magazine that gets probably \$5,000 for an "inside spread" sent the following letter to foreign manufacturers:

"To the average American consumer any article which is known to be 'imported' has always stood for high quality.

"For many foreign manufacturers the time for entrance here is now at hand."

The letter closes with "Your most obedient servant."

It would appear that certain kinds of advertising "abolishes middlemen and drummers" but at the same time it opens our markets to foreign competition and the opening is done with American money.

We would rather believe in Direct Mail and Trade Paper advertising, backed up by selling ability. Then let the law of compensation do its worst. The advertiser would know that his money wasn't spent to bring in foreign competition.

CREDITS

In the past few months we have heard considerable about credits; meetings are held and committees appointed to find a way to eliminate losses. But in the matter of credits, it is not unlike taxation. It is an external question and will probably always tax the mind of the merchant. No system can or ever will be put into use that will insure the merchant against loss while the practice of credit is indulged. And so long as credit is an essential part of all business and the foundation upon which all business is builded, loss must play its very insignificant part.

LET THE DEALER RULE

Mr. Warren G. Harding stated at the Chicago convention:

"We believe in American markets for American products, American wages for American workmen, American opportunity for American genius and industry, and American defense for American soil."

The American dealer can adjust the sale of foreign goods by simply setting himself against them.

LOCAL HAPPENINGS

Mrs. Oscar N. Denison, of Mira Loma Avenue, who has been ailing for some time, has improved greatly and expects soon to be in normal health.

Mr. A. J. Van Wie, his wife and family, have gone to Idyllwild for a week's outing with the Los Angeles County Press Association.

Mrs. A. M. Oliver of Bellevue Avenue, Los Angeles, has rented the Day-enport house at 301 Glendale Avenue, and will soon be a resident of Tropicco.

Division Commander Joseph V. Griffin and Charles Allen of Tropicco, are said to have made quite a hit with the skit they gave at the June meeting of the Rosecrans and Stanton Camps.

Mrs. H. E. Chandler of West Aca-cia Avenue is still very ill, according to reports.

Rev. J. H. Henry of North Central Avenue, was granted a vacation by his church in the Imperial Valley and is now in Tropicco recuperating from an illness.

A crowd numbering about thirty went to Griffith Park last Sunday for a picnic dinner. Included in the party were: Messrs. and Mesdames E. P. Cressler, Wm. Hartwig, L. H. Chandler, Mrs. Helen Hodges, Doris Alexander, G. E. Alexander, Claud and Herndon Robinson, and Mr. and Mrs. Hodges and Mr. and Mrs. Hiller, all of Tropicco.

Old friends of Major Payne and family will be interested to know that they are moving to Tropicco and will occupy a portion of their fine apartment building at the corner of San Fernando Road and Central Avenue.

Mrs. Wallace Kimberly, president of the Thursday Afternoon club, will entertain informally Friday afternoon with Dutch whist at her home on San Fernando Road and Cerritos Avenue.

Mrs. Milton Armstrong left Sunday for a week with the Wright family in the bungalow mountain home near San Bernardino.

Mr. J. J. Hickman of Colorado Springs, who is one of the visiting Knights Templar, has been the guest of his father and his sisters, Mrs. Imler and Miss Cora Hickman, and has been much entertained in Glendale, Pasadena and Los Angeles. He and Miss Hickman visited San Diego the fore part of the week.

Mrs. W. E. Burk and family of Central Avenue have gone to Oklahoma to join Mr. Burk and will spend the summer there. Mrs. Burk's brother, Mr. Martin, who left here to go to Kansas, has returned to Oklahoma and will be with the Burks.

Last week auto travel through Tropicco was swelled by the crowds attending the Adventist camp meeting at San Fernando, where four blocks were needed to accommodate the tent city.

Mr. and Mrs. William Tiffany and their mother, Mrs. Hapgood, visited friends in Los Angeles Sunday.

It is reported that the Tropicco Luncheon and Bridge Club will hold informal meetings during the summer whenever members feel inclined to play.

An aftermath of reports of the Keller recital in Glendale last week emphasizes the interesting features of the affair. The stage background—broad stripes of black and white, made a most effective setting for the dancers.

The cake-walk, fox-trot, Spanish numbers and barefoot dancing of Frank Burk and Doris Cooke were especially praised. The young ushers in sport shirts, bright ties and white trousers gave the final touch needed to complete an artistic success.

CARD PARTY

The Monday Luncheon Bridge club was entertained last Monday at the home of Mrs. Clarence M. Good, 875 South Louise Street. Mrs. Frank B. McKinney of Venice was the fortunate winner of the prize, a beautiful piece of crocheted work. Two weeks later club members will be guests of Mrs. R. E. Hewes of Hillcrest Boulevard, Los Angeles.

Miss Elizabeth Sanford, who has been attending the Los Angeles County Normal, left Tropicco for her home near Bishop the latter part of last week. She plans to return to the home of her uncle, Mr. Alexander, September 1st to resume her studies.

Miss Rae Davis was the Sunday guest of Mr. Nat and Miss Ruth Brown and Miss Marie McDonald Browne, on a trip to Hotel Leighton, Los Angeles, where a tennis tournament was held in which the Brownes and Miss Bourne played.

Everybody Come!

Everybody come to the Fourth of July celebration at the Tropicco Playgrounds. Ball game and sports in the afternoon. Fireworks and dance in the evening. Music by Tropicco band.

A good time for all.

CLUB BUSINESS MEETING

Officers of the Thursday Afternoon club announce a special business meeting to be held at the home of the President, 345 South San Fernando Road, Thursday afternoon, July 6th. Every member is urged to attend.

A HAPPY REUNION

Comrades Oscar N. Denison of this city and Norman Hawes of Riverside, had a joyful meeting last Friday after a separation of fifty years. They had not seen each other since both were discharged from the Fourth Battery of Michigan, in command of Captain Church. An advertisement in which Mr. Hawes' name appeared, attracted the attention of Mr. Denison, who at once dispatched a letter of inquiry. Correspondence followed and last Friday Mr. Hawes came to Tropico to see his old friend, arriving in time to enjoy the Grand Army dinner served by the local post.

WELCOME TO MRS. COWLES

Two automobiles bearing Mrs. Wallace Kimberly, president of the Tropico Thursday Afternoon club, and seven fellow members, drove to Los Angeles Tuesday noon to take places in the line of three hundred beautifully decorated machines drawn up at the Santa Fe station for the demonstration of welcome to Mrs. Josiah Cowles, triumphantly returning to Los Angeles after having been elected president of the National Federation of Women's clubs. Not less than one thousand club women participated, and the Police Band was there to play "I Love You California." Mrs. Cowles was escorted to her home where an informal reception was held, and where moving picture operators made films of the scene when Mrs. and Dr. Cowles passed through the lines of club women and were showered with flowers.

A FLORIDA BOOSTER

Mr. L. K. Allen, who has extensive interests in Florida, returned from that state about a week ago and is now enjoying a visit with his family at 441 Gardena Ave.

He says that while Florida lacks the beautiful mountain scenery of Southern California, he thinks there are compensating advantages in climate, rainfall and nearness to market.

REDUCED FARES FOR SUMMER RATES

For vacation or business trips the Salt Lake Route offers, on certain dates in June, July, August and Sept., round trip tickets at greatly reduced fares to many Eastern points. For instance, to Chicago and return, \$72.50; New York \$110.70, St. Louis \$70.00, St. Paul \$76.95, Missouri River \$60.00, Denver \$55.00, Salt Lake City \$40.00, and many others.

Return limit 3 months, but not after Oct. 31. The ideal vacation trip is to the American Wonderlands, Yellowstone National Park and Glacier National Park, both easily reached via Salt Lake City.

Round trip fares are reasonable and the world has no more marvelous sights.

Full information of all these trips, train service, etc., at all offices of

The Salt Lake Route

WEDDING RINGS THINNER.

English Government Keeps Tight Hand
on Gold—Quality Not Inferior.

London. — Future war brides will
have to be content with thinner wed-
ding rings. The government is keep-
ing a tight hand on all gold, and the
practice of making jewelry from sov-
ereigns is shortly to be stopped by leg-
islation. London dealers say, however,
there is no question of a shortage of
rings. The thinner rings will not be
of an inferior quality, and they will
wear nearly as well as the heavier
rings.

In the east end of London what, with
the abundance of money, owing to war
work, a tremendous trade is being done
in all kinds of cheap jewelry, especial-
ly "diamond" rings.

Let us help you
make your home
like new.

Kyanize is a wonderful Finish for floors, furniture, *all* your woodwork.

In seven colors and clear.

Come in and buy a 10c. brush and we will give you a can of Kyanize Free. Enough for one piece of furniture.

After using you'll Kyanize all the house, and never be without it.

Just try it.

And ask the dealer about the wonderful Kyanize White Enamel for the white woodwork, furniture, etc.

"I'M SO FOND OF MUSIC!"

That Explains What Maid Does With an Advance of Wages.

Chicago.—For a few days a young north shore matron believed she had solved the servant girl problem. Her first girl found the country life too slow and returned home "back of the yards."

This experience afforded an inspiration, and she imported a girl from her former home at Galesburg. Kindly treatment was to be the keynote of success, so when she discovered the new maid lacked underwear she armed her with a dollar and shopping instructions.

In thirty minutes the girl was back, but minus the underwear. In its place she had purchased a mouth organ costing 49 cents, which she exhibited proudly to her mistress with the remark:

"I'm so fond of music."

NEW USE FOR OLD GLORY.

In a Brooklyn Court It "Protects the Bench."

New York.—After an adjournment of the Brooklyn court of special sessions recently the bench and clerk's desk

were bedecked with an American flag.

"What's the idea?" Chief Probation Officer John J. Rooney was asked.

"That's the duster," Rooney explained. "When the janitor sweeps he covers the bench and clerk's desk with the old flag."

Indignant, the questioner sought out Chief Clerk Joseph L. Kerrigan and demanded an explanation of the apparent desecration of Old Glory.

"Well, isn't the flag protecting the bench?" was Kerrigan's ready response.

LAST MEETING OF P. E. O.

The local P. E. O. chapter held its last meeting of the year at the home of Mrs. Thoman at Tenth and Brand Boulevard, Friday afternoon last. It was a business session at which reports of officers were submitted and no more meetings will be held until October.

A SATISFIED FISHERMAN

Mr. and Mrs. A. G. Cornwell returned last week from a ten days' fishing trip to Coldbrook on the north fork of the San Gabriel River. Mr. Cornwell found the fishing good; says he got all the trout he could use and found the camp delightful, the prettiest one he was ever in.

POST AND CORPS MEETING

"A fine program," is the report of the all day meeting of the N. P. Banks Post and Corps at the G. A. R. hall last Friday. The parade in Los Angeles drew some of the regular attendant, but about eighty old soldiers were there. Rev. R. W. Mottern of Glendale gave an excellent talk on patriotism, Miss Elizabeth Mottern played and sang, and Miss Weiler, granddaughter of Major Weiler, contributed a recitation: "The Dog and the Under-dog." The guests of honor who celebrated birthdays in June, were Mrs. Elizabeth Spafford of Burbank, Mr. Wilson and J. B. Hickman. The last named celebrant will complete his 84th year June 30. For about twenty years he has been a resident of Tropico.

GRANULATED SUGAR HAS HEALING POWER

**Doesn't Adhere to Flesh and Obviates
Necessity of Frequent Washing.
German Surgeons Using It.**

Berlin. — German army doctors are using sugar with great success in the treatment of wounds. The wound is dressed with granulated sugar and then bound.

The sugar does not act as a disinfectant and must not be applied until bleeding has been arrested. But when applied to a clean wound surface healing proceeds with astonishing rapidity.

No washing of the wound is necessary when redressing, which is merely a matter of renewing the application of sugar every second or third day. The sugar dressing has also the advantage that there is no adhesion to the flesh.

RESOLUTION NO. 231

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF TROPICO DECLARING THEIR INTENTION TO IMPROVE A PORTION OF ACACIA AVENUE IN SAID CITY UNDER THE IMPROVEMENT ACT OF 1911.

The Board of Trustees of the City of Tropic do resolve as follows:

SECTION 1. That the public interest and convenience require and it is the intention of the Board of Trustees of the City of Tropic to order the following work to be done:

FIRST: That Acacia Avenue in the City of Tropic from the westerly curb line of Brand Boulevard to the easterly curb line of Central Avenue be graded to the official grade, and that the roadway of said Acacia Avenue from the west line of Brand Boulevard to a line three feet west of the easterly curb line of Central Avenue, be macadamized to the official line and grade, all in accordance with plan, profiles and cross-section No. 78, adopted by the said Board of Trustees and on file in the office of the City Engineer, and in further accordance with specifications No. 78, adopted by said Board and on file in the office of the City Clerk.

SECOND: That a cement curb be constructed to official line and grade along each side of the roadway of said Acacia Avenue, from the westerly curb line of Brand Boulevard to the easterly curb line of Central Avenue, with curb returns at the alley intersection between said Brand Boulevard and Central Avenue. All of said curbs to be constructed in accordance with the above mentioned plan, profiles and cross-section No. 78, and in further accordance with said specifications No. 78 and specifications No. 2 adopted by said Board of Trustees and on file in the office of the said City Clerk.

THIRD: That a cement sidewalk five feet in width constructed along each side of said Acacia Avenue, from the westerly curb line of Brand Boulevard to the easterly curb line of Central Avenue, to the official line and grade in accordance with said plan, profiles and cross-section No. 78, and in further accordance with said specifications No. 78 and specifications No. 1 adopted by said Board of Trustees and on file in the office of said City Clerk.

FOURTH: That the roadway at the intersection of Brand Boulevard

and Acacia Avenue be paved with concrete between the present line of concrete pavement at said intersection and the lines of new curb to be constructed therein on each side of said Acacia Avenue, all in accordance with said plan, profiles and cross-section No. 78, and in further accordance with said specifications No. 78, adopted by said Board of Trustees and on file in the office of said City Clerk.

SECTION 2. That the said contemplated work or improvement in the opinion of said Board of Trustees is of more than local or ordinary public benefit, and the said Board of Trustees makes the expense of said work or improvement chargeable upon the district hereinafter described, and declares that the district in said City of Tropic benefited by said work or improvement, is described as follows:

All of that portion of the City of Tropic included within the following boundary lines:

Beginning at the northeast corner of Lot 1, Tract No. 1375, recorded in Map Book 18, page 85, records of Los Angeles County, thence westerly, northerly and westerly along the northerly and easterly boundary of said Tract to the northwest corner of Lot 4 of said Tract; thence westerly in a direct line to the northeast corner of Lot 1, Tract No. 1066, recorded in Map Book 17, page 74, records of said County; thence westerly and southerly along the northerly and westerly line of said Lot 1, Tract No. 1066, to a point 88 feet southerly from the north line of Lot 28, Watts Subdivision, recorded in Book 5, page 200, Miscellaneous Records of said County; thence westerly on a line parallel to the north line of said Lot 28, to the center line of Central Avenue; thence southerly along the center line of Central Avenue to a point 495 feet southerly from the westerly prolongation of the north line of said Lot 28; thence easterly on a line parallel to the north line of said Lot 28, to the west line of said Tract No. 1066; thence northerly along said last mentioned line to the southwest corner of Lot 2 of said Tract No. 1066; thence easterly along the southerly lines of Lots 2, 3, and B, of said Tract No. 1066, to the southeast corner of said Lot B; thence easterly in a direct line to the southwest corner of Lot 10, Tract No. 939, recorded in Map Book 16, page 154, records of said County;

thence easterly along the southerly lines of Lots 10 and 9, of said Tract and prolongation thereof, to the east line of the alley in said Tract; thence northerly along the east line of said alley to the southwest corner of Lot 5 of said Tract No. 939; thence easterly along the southerly line of said Lot 5, and prolongation thereof, to the west line of the right of way of the Pacific Electric Railway; thence northerly along the west line of said right of way to the easterly prolongation of the northerly line of Lot 1, aforesaid Tract No. 1375; thence westerly along said prolongation to the point of beginning.

For further particulars as to the boundary lines of said district, reference is hereby made to a map thereof approved by the Board of Trustees of said City on the 27th day of June, 1916, and on file in the office of the City Engineer of said City.

SECTION 3. The said Board of Trustees hereby determines that serial bonds shall be issued to represent each assessment of \$25.00 or more, for the costs of said work or improvement; said serial bonds shall extend over a period of nine years, from the 2nd day of January, next succeeding the date of said bonds, and shall bear interest at the rate of seven per cent per annum, and an even annual proportion of the principal sum thereof shall be payable by coupon on the 2nd day of January of each year after their date, until the whole is paid, and the interest shall be payable semi-annually by coupon on the 2nd days of January and July respectively of each year, at the rate of seven per cent per annum, on all sums unpaid until the whole of said principal and interest have been paid.

SECTION 5. It is hereby determined and notice is hereby given that any and all persons having an objection to the proposed work or improvement above mentioned, may appear before the said Board of Trustees on the 18th day of July, 1916, at the hour of 7:30 o'clock P. M. of said day, at the regular meeting place of said Board in the City Hall of the City of Tropic, at the southwest corner of Brand Boulevard and Tropic Avenue, and show cause why said proposed improvement should not be carried out in accordance with this resolution.

SECTION 6. All of the proceedings for the aforesaid improvement and for the issuance of said bonds shall be taken under and in accordance with the provisions of an act

of the Legislature of the State of California, known and designated as the "Improvement Act of 1911," and amendments thereof.

SECTION 7. The City Clerk shall certify to the passage of this resolution and shall cause the same to be published twice in the Tropico Interurban-Sentinel, a weekly newspaper published and circulated in said City of Tropico.

Passed by the Board of Trustees of the City of Tropico and approved this 27th day of June, 1916.

FRANK E. PETERS,

President of the Board of Trustees.

I hereby certify that the foregoing resolution was introduced and passed by the Board of Trustees of the City of Tropico at their regular meeting held on the 27th day of June, 1916, by the following vote, to-wit:

AYES: Trustees Henry, Seal, Peters.
NOES: None.

ABSENT: Trustees Boyce and Als-pach.

Witness my hand and the seal of said City this 27th day of June, 1916.
